ACCOMMODATION

MAIN DECK

General

Moving forward through the sliding doors, we enter the main salon which is a masterful mix of modern but timeless design. Blue is the predominant colour here, invoking a feeling of calm and understated elegance. Flawless joinery in book-matched teak surrounds us with an espresso-stained mahogany sole, and suede headlining. Carpets are custom woven wool and mohair from Tai Ping, and built-in furniture pieces exhibit exotic inlaid Shagreen skins in ivory. The monumental Prussian Blue table lamps are from Christopher Spitzmiller, while upholstery fabrics are from Pierre Frey. The custom Zebra skin ottomans oppose a spectacular coffee table in Macassar Ebony that converts to an ottoman with the flip of the marble top.

Owner's stateroom

The colour theme of this room is predominated by shades of blue and orange, recalling the vibrant palette of The Cote d'Azur. Custom bed linens of 1200 thread-count Egyptian Cotton, and her desk and makeup vanity all custom executed in teak. The owner's dressing room features doors inlaid with orange Shagreen.

Owner's bathroom

The bathroom is arranged forward of the owner's stateroom with shower cabin with fixed head and wall showers, two countertops with wash basins, toilet and bidet and well sized Jacuzzi bath with hand held shower. Shower cabin door of decorated and tempered glass in combination with Dornbracht hardware.

Owner's study

Upon entering the study we are greeted by teak and leather Hermes chairs, a teak desk and chair by Eames, marble table by Mangiarotti, and an aubusson rug in a bold but subtle tone-on-tone blue herringbone.

Saloon - Dining area

With dining table for 10 guests forward of the main salon, we find a custom teak, wenge and mahogany dining table with vintage dining chairs by Gio Ponti.

The division between salon and dining has a large flat screen TV on a lift + DVD recorder/player.

Galley / Pantry

Walls are covered with Formica or veneer, ceiling to be hard-plastic covered and the floor is covered with Forbo surestep, sealed against walls.

The cupboards exteriors in Formica or veneer, their interiors, shelves, drawers, etc. lined with hard-plastic and the working tops are made of granite.
